1. Realistic goals, visible action

- **Consistently maintaining a high level of visibility across all platforms - give students an insight into what exactly SU officers do all day**

2. Finance and equality

- **Better provision for students of minority faiths**
- **Work to abolish remaining application fees for postgrads**
- **Oppose casualisation of postgrad workers, and lobby for fair pay for all staff**
- **Work for financial equality between all colleges by pooling bursary and scholarship money and reducing accommodation costs**

3. Cambridge for all

- **Compulsory Mental Health First Aid training for all supervisors**
- **Take action on hate crimes in Cambridge**
- **Set and achieve targets for student participation in the SU**
- **Seasoning available at butteries to those who need it***

Let's take Cambridge back to basics - no unrealistic promises, just real, meaningful action and visibility
