

# Vote Harvey for Welfare and Community!

I'm Harvey (he/him), a final-year English student and community organiser. The problems created by this university can't be solved by one person. I hope, however, that I can use this role to **give students the time and space to fight for the causes which matter to all of us**. If we are all able to fight for our causes, we can collectively make the university a **kinder, greener place to live and work**.

## Fighting for rest

\*Demand a **reading week** by Michaelmas '24.

\*Create tools for mapping and reporting **unsustainable workloads** across the university.

\*Fight for increased support for **intermitting students**.

\*Support **UCU Four Fights** and Justice for College Supervisors Campaign.

## Shared and safe spaces

\*Restore **access to all colleges for all students** during daylight hours.

\*Explore using university land to tackle **inequality and homelessness** in the city.

\*Work to **improve lighting** in the city.

\*Codify in SU and university constitutions **a duty of care** towards the city.

\*Improve **biodiversity and public access** on university land.

\*Support community organisations **fighting transphobia, racism, misogyny and ableism** in the university and the city.

## Democracy and participation

\*Distribute a 'Disorientation Guide' to all students and increase awareness of **community work and welfare resources**.

\*Work with student societies towards a **fossil free and arms free research policy** for the university.

\*Make the **SU more student-facing and accountable** to the student body.

\*Host **regular forums for students** to develop these ideas, starting during this campaign.

## Space for each other, time for ourselves.
